## SENIORS

**Whakapiki Ake invites your rangatahi to attend Whakapiki Ake's Whānau Hui-a-Rōhe** on the 22nd October (6PM-8:30PM) at Building 507-G100 Population Health Building Grafton Campus (28 Park Avenue, Grafton, Auckland)

This is a great opportunity for us to meet whānau, do some whakawhanaungatanga, answer questions about tertiary pathways into Health at the University of Auckland, and ensure that both rangatahi and whānau have all the information needed to help our rangatahi to be the best they can be! We provide kai, and have a session for our year 9-11 rangatahi and whānau, and a session for our year 12 and 13 rangatahi and whānau.

For those attending, please complete our registration:

DAY 4 – Thursday 17th October 2024

TE RA 4–Taite 17 o Oketopa 2024

Duty Deputy Principal: Mr. RND

### Juggle Rangi

Want to learn juggling or improve your skills? We're starting a Juggling Club and want your input!

Juggling is not only fun but also great for improving coordination, resilience, staying active, and relieving stress. It allows you to express your creativity. You can juggle with friends or by yourself, making it a flexible, social activity. It is a skill that will earn you some cash when you find yourself stranded and poor in the middle of your overseas experience.

Check out this video for inspiration on cool tricks and styles you can learn!:

<https://www.youtube.com/watch?v=xD8E33P1Nb4>

(Tutor teacher, please allow students to watch it) Whether you're a beginner or experienced, everyone is welcome.

Take a quick poll to show your interest, explore more videos, and let us know your preferred days/times! <https://forms.gle/syc59JBNPCWK3jbP9>

## Interested in a career in the marine industry?

The MAST Academy now runs 12-week pre-trade courses (starting in February 2025) for those interested in a career in this industry and provides an introduction to the marine and specialised technologies world, plus one day a week of work experience. This can then lead to an apprenticeship with an employer full-time. Employers are more likely to hire someone who has done a pre-trade than someone who hasn't.

The pre-trade course would benefit anyone interested in boat building, engineering, mechanics, interiors, electronics/electrical, rigging, sail making, marine facility management, deckhand, rocket lab etc. Many students who work in this industry also travel overseas to work on yachts etc.

Check out the pre-trade info here: <https://www.mastacademy.com/mast-courses-pre-trade>

Or do a virtual career pathway here: <https://mastlearning.com/mast-career-pathway/>  
There are only 12 spaces available per course.
